Housing Shortage

In a unified effort throughout California to stamp out one of the nation's greatest enemies of war production, the critical housing shortage, Mayor A. J. Gaggero of Daly City joined several mayors of other Northern California cities in proclaiming this week as War Housing Week.

In proclaiming it as War Housing Week in Daly City, Mayor Gaggero appeals to all property owners and tenants to list all vacant houses, flats, apartments, or rooms with the War Housing Center in San Mateo county, so that they can be made available to war workers.

"This housing situation is serious," Mayor Gaggero said. "It is one of our worst shortages, and only the help and cooperation of all of you property owners can eliminate it. Every square foot of space which can be converted into living quarters should be listed."

Mayor Gaggero's proclamation follows:

"Whereas, there is an acute housing shortage in this community;

Victory Book Campaign

"Do I consider this book worth reading? Is it in good physical condition? Is it modern enough to have conceivable appeal to young men from 20 to 30 years of age? Do I really hate to part with it?"

These are a few test questions to apply to every book you intend to donate to the 1943 Victory Book Campaign now in progress throughout the nation.

Mrs. Jean O'Rourke, in charge of the Daly City public library, points out that this year's drive is stressing the need of QUALITY as well as quantity in book donations. The campaign, which ends on March 5, is sponsored by the American Library association and the United Service Organizations. Books donated will be made available to soldiers, sailors, marines and coastguardsmen at camp libraries and USO centers in this country and at overseas bases.

Leaders in the movement pointed out that this emphasis on quality.

Bandage Rolling

Volunteers are badly needed by the Red Cross for bandage rolling, according to a recent announcement made by the women of the local chapter.

Workers are needed on Wednesdays and Fridays. The room, over the Daly City theatre, is open from 10 a. m. until 4 p. m.

Mrs. Ruth Morris, chairman, announces that women who can donate only an hour or two of time are cordially invited to come. "Each hour given to this needy work may save one of our boys," stated Mrs. Morris.

"These bandages are used for the boys in our armed services"

Home Nursing

With the shortage of doctors and nurses becoming more and more critical, hospital and health authorities are urging every housewife to become familiar with home nursing.

For those women who would like to be instructed in the art of home nursing, classes will be held, starting, March 1, at the home of Mrs. Cyrus Dempsey, 650 San Diego avenue. Mrs. Dempsey is a registered nurse secured for

Save Tin Cans

Salvaging of tin cans continued, this week, with another big carload of cans from Daly City kitchens transported to the detinning plant in South San Francisco.

The local salvage committee appealed to all contributors to prepare the cans properly. Although contributions are being made faithfully, many are failing to prepare the cans. Labels must be taken off, and the cans must be washed and flattened.

The cans are picked up by grammar school children in the Jefferson district.

Post Office Sets New Mailing Limitations

New limitations on mail that may be sent to army men overseas make it necessary for The Daly City Record to announce a change in policy in respect to service men's copies of the paper. From the time local boys first began to be called up or to volunteer for military service, this publication has been sending the paper free to any soldier, sailor or marine who requested it.

We will continue this policy with the exception that hereafter we will be unable to send it to ARMY men who are stationed overseas. Anyone in army camps or schools in this country is eligible, just as before, to receive the home-town paper.

The new post office order does not apply to the navy, coast guard or marines, only to the army.

Boisterous Gale Whips Through City

Levels Fences, Breaks Doors, Downs Shrubbery

Daly City tried to hold onto her skirts, last week, but with little success, as the driving Bay region gale swept through this community, Wednesday night and Thursday morning, leaving a well distributed amount of damage in nearly every block of the city.

No casualties were reported in Daly City, nor was damage as great as in other localities, but it left its mark in almost every niche, corner and cranny of the city. Fences were blown down in hundreds of back yards, garage doors were left swinging open in the wind, and some were even torn from the hinges.

With no enemy planes overhead, the city went into a blackout in the wee hours, Thursday morning, not ordered by the Civilian Defense Council but by Old Man Gale himself as all street lights in the entire city went out. P. G. & E. lines were down all

Sixty-Two Pupils To Get Diplomas

Sixty-two grammar school graduates will receive their diplomas at exercises for the three elementary schools in the Jefferson district, Sunday at 2 p. m., at Jefferson Union high school auditorium.

Ten prizes will be awarded to pupils who finished their grammar school careers with outstanding records of scholarship and good citizenship. In addition, a patriotic music program will be presented to the audience by the graduates, assisted by the glee club.

The exercises will open with a selection by the orchestra followed by a flag ceremony entitled, "Advance the Colors," by Daly City Post No. 410, American Legion and Daly City Unit No. 410, American Legion auxiliary. This will be followed by the audience reciting "A Pledge to the Flag" and afterwards singing "The Star Spangled Banner."

Emil Pahlka, commander of the local American Legion post, will present the first awards of

Jeff's Cagers Hit Winning Streak

Jefferson high's cagers are on the rampage! Tied for second place in a hot penant race in the Peninsula Athletic league, the Indians pack their basketball togs and their shooting eyes, tomorrow, for a trek down the Peninsula to meet Sequoia high school.

With two victories in the past two weeks, one over South San Francisco's Warriors, and last week's over Half Moon Bay, the Jeffs are really on the warpath for tomorrow's encounter. Sequoia, like Jefferson, has only

Local Residents To Get Rationing Book 2 At Schools

Applicants Must Take Sugar Books With Them To Show At New Signup

When applicants go to the grammar schools to get War Ration Book No. 2, which will be used to ration food under the point system, they must have with them War Ration Book No. 1 (sugar book), it was announced in Daly City, this week, by War Price and Rationing Board No. 31-3.

Daly City residents will apply for their new ration books at three grammar schools in the Jefferson district, and distribution of the books will be supervised by R. L. Crane jr., district superintendent. No dates for the issuance have been set yet by the OPA, pending final instructions to local rationing boards and school authorities.

Although the OPA calls for a two week registration period in the schools, Crane indicated that the local grammar schools will close for a three day period to distribute books.

"We will probably just issue the books for three days while school is closed," Crane said. "That plan would work out better for teachers instead of trying to teach school at the same time. I believe that procedure will be taken in most of the schools in the county."

Daly City grammar schools and their addresses where books will be passed out are: Crocker school, 649 Bellevue avenue; Jefferson school, 14 Alemany street; Woodrow primary, 43 Miriam street.

OPA authorities said the rationing of foods will begin in early February under the point system. Supplies of food will be temporarily frozen on retailers shelves, and when they are issued a ration book at the schools, applicants will have to declare whatever canned goods they have on hand, and their books will be "tailored" or stamps will be deducted from their allowances. Heavy penalties will be imposed for giving false information.

Will Begin Advanced First Aid Class, Feb. 9

Opportunity for those who have secured their standard first aid cards to enter an advanced class was announced, this week, by R. L. Crane jr. Although planned primarily for auxiliary firemen, the new course will be open to the general public. It begins, Tuesday evening, February 9, at 7:30 p. m. at Company No. 1 firehouse, 188 Santa Barbara avenue.

Dean Wood, well known member of Company No. 1, D. C. F. D., will conduct the classes which are to meet once each week on Tuesday evenings for a 5 week period.

Police Investigate County Line Burglary

Investigation of a burglary at the County Line market, 6000 Mission street, early Friday morning, was continued this week by Daly City authorities.

Four quarts of wine and six quarts of whiskey were taken from the liquor department, the second recent liquor stealing case investigated by Daly City police. A gallon jug of wine was broken in the burglar's attempt to gain entrance to the store.

He gained entrance by breaking through a plate glass window in front of the store. Officers Henry Sundermann jr. and Walter Davis found a large three-by-four block which he had used to break the plate glass window.

Superior Court Upholds Employees

Bodien Makes Report At Council Meeting

The seven year old stand on the part of city employees in Daly City for civil service ratings got its reward in the superior court when Judge Maxwell McNutt upheld their case to put them under civil service, it was revealed, Monday night, in the brief city council meeting.

The case was tried in San Mateo county superior court, and was attested by Arthur J. Bodien, president of the Daly City Employees association.

Introduced at the meeting was a uniform ordinance submitted by the Home Food administration which sought to relax restrictions on raising chickens within city limits. The ordinance has been submitted to other nearby municipalities, many of which have restrictions as low as one chicken. However, Daly City's law limits residents to raising 25 chickens. Consequently, no action was taken on the ordinance.

Water Superintendent Bodien reported that a mutual stock arrangement has been set up in water departments throughout California, Nevada, and Arizona. In other words, if San Francisco has excess equipment of some type, and Daly City needs it for their use, they may utilize this equipment so long as they offer their own for mutual use by other cities.

Residential Daly City Abides By Dimout

While the San Mateo County Defense Council reports a very serious lighting problem in the county in keeping residential lighting dimmed, Arthur J. Bodien, local civilian defense director, said that Daly City's response to the dimout has been very satisfactory.

Particularly in residential areas in the county lighting is reduced.

Northern Sectors To Face Air Raid Practice Incidents

Civilian Defense Council Order Complete Turnout For "Brush-Up"

Over one hundred air raid wardens, auxiliary fire and police officers, first aid attendants and other volunteers of Daly City's civilian defense forces will go into action tonight at 7:30 p. m. when "enemy bombs" will "fall" in the north end of the city.

Ordered by the Civilian Defense Council, the drill will take in the first ten sectors, and is the first in a series of three rehearsals, Director Arthur J. Bodien said. The test will begin promptly, and Bodien urged all volunteers in that sector to be ready to take part.

"We don't want anyone to get stale on their civilian defense duties," Bodien said, "because there may come a time when we need all of them, and need them in a hurry. The war hasn't been won yet, and that's the reason for this brush-up tonight."

As incidents are relayed to the control center in the city hall, tonight, first aid squads, and rescue squads will be rushed to "bombing" scenes. Auxiliary police officers will block off nearby streets, and "casualties" will be treated.

The drill is expected to last about one hour or possibly less, Bodien said. There will be no routine order for incidents, many of which will be coming in simultaneously.

Captain A. L. Sundstrom, active in the Daly City Fire department for some time, is "cooking up" tonight's incidents in an attempt to foil volunteers in the test. Sundstrom is the fire dispatcher in the control center, since Chief A. P. Chesney elected to work in the "field" during disasters.

Other drills will follow on successive Thursdays.

McGovern Expects Two February Calls

Daly City Draft Board No. 103 will probably draft men in two separate calls in February, Dr. J. C. McGovern, local chairman, said today as he announced the next call for army duty will be February 8.

The date for the call was still tentative, this week, but it will be "sometime during the first week in February," Dr. McGovern said. The number of the contingent has not yet been announced.

Dr. McGovern again reminded all men between 18 and 38 years of age to carry both their registration card and their classification card with them at all times. The registration card is the one issued to them when they registered.

Bank Of America Reports On Year

Stockholders of Bank of America, at their annual meeting in San Francisco this week, received from President L. M. Giannini a report of stewardship covering a full year of banking service under war conditions.

With California industrial and business activity rising to record heights and a large increase in population, Giannini reported, the bank was called upon to handle a vastly larger volume of business in 1942.

The bank availed itself of every opportunity to participate in financing the war, while maintaining a liquid position, he said. War influences were felt in all fields of credit. War-purpose loans rose sharply, consumer credit demand was in lesser volume, and in increase in defense housing loans exceeded the decrease in other types of real estate loans.

Although contending with a rapid increase in deposits, said Giannini, the bank's outstanding loans equalled 37.12 per cent of deposits as compared with a loan-deposit ratio of 20.03 per cent for all reporting member banks of the Federal Reserve system in 101 cities, November 25, 1942, the latest date for comparative figures.

"During the year," the stockholders were told, "Bank of America assisted both the largest and the smallest borrowers in financing expansion, conversion to war production, repair of irreplaceable equipment, debt consolidation and liquidation on a budget plan, and other necessary adjustments."

The bank's sale of war savings bonds to the public to December 31 amounted to \$192,735,000. In addition, approximately \$187,000,000 of various issues of Government bonds, tax exemption notes, etc., were purchased by the public through the bank. This was in addition to the bank's own investment in securities of the U. S. Government and Federal Agencies, which at December 31, 1942, aggregated \$1,043,061,000.

During the year, 1,955 staff members were granted military leave of absence and up to the present 2,568 employees have entered the armed services.

Native Daughters Install Officers At Ceremony

New President Is Mrs. Hazel McDermid; Large Crowd Present

Before a large group of friends and members, El Carmelo Parlor No. 181, N. D. G. W., installed their newly elected officers at a formal ceremony, January 20.

Oaths of office were administered by the following installing officers: Mrs. Mary Fischer, deputy grand president, Mrs. Frances Maloney and Miss Margretha Schade.

The ceremony took place in the Blue room of Masonic temple. The room had been cleverly decorated to look like a Hawaiian scene with potted palm trees and Hawaiian leis. Little girls dressed in hula costumes added the finishing touches to the setting. The little girls were pupils of Miss Schade's dancing school.

Newly installed officers of the local parlor include: Mrs. Hazel McDermid, president; Miss Irma Zerga, first vice-president; Mrs. Christine Hulme, second vice-president; Miss Adele Wood, third vice-president; Mrs. Florence Becker, marshal; Mrs. Ann Biggio, Mrs. Frederika Volkman, Mrs. Pauline Quirolo, trustees; Miss Betty Zerga, organist; Miss Margaret Steele, inside sentinel; Miss Marjorie Baker, outside sentinel; Mrs. Florence Flynn, junior past-president.

Book officers installed were: Mrs. Florence Hopman, financial secretary; Mrs. Louise Eliassen, treasurer; Mrs. Hattie Kelly, recording secretary.

Upon accepting the gavel, Mrs. McDermid pledged to carry on the good work set by her predecessors.

Following the ceremonies, a program of dancing was enjoyed. An invitation was then extended to all present to have delicious refreshments in the banquet room. The social was under the chairmanship of Miss Schade.

"FLYING TIGERS" TO OPEN TONIGHT

Public Sees History In Making In Epic Film At Daly City Theatre

History in the making has been immortalized on celluloid by Republic in its picturization of the heroic exploits of the flyers in Generalissimo Chiang Kai-Shek's American Volunteer Corps, "Flying Tigers," which is scheduled to open tonight at the Daly City theatre, with John Wayne, John Carroll and Anna Lee in the leading rolls, tells a dramatic story of the lives and loves of the men who meet death face to face in the sky-ways over Burma.

The boys in the A. V. G. joined the Burma Road patrol original-

ly as "soldiers of fortune," eager for adventure and not averse to the large salary and bonus Generalissimo Chiang Kai-Shek pays them for bagging Japanese planes. But, once in the service, they become imbued with more lofty motives, once they realize the heroism of the Chinese nation, fighting for its freedom.

John Wayne plays the role of Squadron Leader Jim Gordon, who has chalked up an impressive showing in spite of being outnumbered three to one by enemy planes. But he realizes that his command cannot continue on courage alone, and to fill out his depleted ranks he drafts into service his old friend Woody Jason

—played by John Carroll.

Woody immediately wins the ill will of his fellow flyers by his cocky egotism and his bluntly mercenary motive for joining the group. In his zeal to lose no time in bagging Jap planes and winning the \$500 bonus he goes into an aerial dog-fight untrained and unarmed, and succeeds only in wrecking his plane.

The manner in which he regenerates himself in the eyes of his fellow fliers provides dramatic conflict for the plot.

Among the supporting players are Bill Shirley, Paul Kelly, Tom Neal, Gordon Jones, Bud McTaggart, Gregg Barton, David Bruce, John James, Jimmy Dodd, and Edmund MacDonald.

Two local families had real cause for celebration, Sunday, when Mr. and Mrs. Jack MacDonald returned to Daly City for a brief visit.

MacDonald, the son of Mr. and Mrs. Fred MacDonald, 155 Vista Grande avenue, has been attending the U. S. Army's Officers Candidate School at Fort Benning, Georgia, where he was commissioned a second lieutenant upon his successful completion of the training.

His wife, the former Miss Myrtle Gfroerer, is the daughter of Mr. and Mrs. Al Gfroerer, 139 Vista Grande avenue. Both young people attended Jefferson Union high school here.

HANDLING HOT STUFF! That's the wartime job of Jim and his Dad. Jim is overseas on the firing line. Dad is at home keeping the power flowing to vital industries.

Since Pearl Harbor more than one hundred and fifty men of this company each month have gone into the armed forces of Uncle Sam. Many of these are sons of veteran employees.

These Dads are working with grim determination to step up the production of electric power, because that means the production of more war goods. These Dads are doing all they can to make sure that their sons, and all the other sons wearing the uniform, are the best equipped, the best clothed, the best fed men of any military power in the world.

Today the Dads and their fellow workers in the P. G. and E. ranks are delivering a greatly increased amount of power over two years ago. They have a pride in doing it. They have a pride in the equipment with which they work. There are giant powerhouses in the mountains, a vast network of interconnected transmission lines and distribution lines, together with substations, trucks and tools. All these are geared to take on the increasing demands for more power for war production purposes.

California can be confident these men will keep the kilowatts marching steadily on in war work, that the reserves will respond promptly if they are called upon.

ity as a result of war conditions. I therefore declare that this week shall be known as War Housing Week at which time it is requested:

1. That property owners and tenants will list all vacant houses, apartments, flats, rooms, summer homes, etc. within reasonable distance of transportation with the San Mateo War Housing Center, 1615 Floribunda avenue, Burlingame, to be made available for war workers.

2. That property owners will agree to convert vacant structures into living quarters for war workers and apply to the San Mateo County War Housing Center for information regarding the proper procedure for conversion.

Daly City property owners may write to the San Mateo War Housing Center, or they may telephone Burlingame 4-2581.

ity does not indicate that large numbers of books are not needed—they are! But it is obvious that "The Rover Boys Down East," "Elsie Dinsmore" or technical books of 1903 vintage are not going to help build morale or answer any service man's prayer for something to read.

A large box is stationed at the local library, 6351 Mission street, where those who wish to contribute may leave books. Hours are from 1 to 5 p. m. and from 6:30 to 9 p. m., week days and from 1 to 5 p. m. Saturdays.

Mrs. O'Rourke announced that NO periodicals are requested for this campaign.

"The materials are furnished, and all that is needed are women to give a few hours of their time each week to make up the precious bundles," she concluded.

Mrs. Morris and her assistants, Mrs. Hilda Heagney, Mrs. Vivian Pahlka and Mrs. J. J. Poket attended classes held at the San Mateo County Red Cross headquarters, to qualify as leaders in this work.

At the present time there are eight local ladies, counting the instructor, giving their time to this vital work. Twice as many are urgently needed to turn out the quota.

Q. Are vitamins fattening?

A. No. Vitamins are "calorie-less," can't add unwanted pounds. Restricted, reducing diets often include vitamin-mineral supplements.

Q. Are many vitamins destroyed by cooking?

A. Research shows that an alarming percentage of vitamins are lost in cooking, especially B₁, B₂, P-P and C. Such losses can be reduced by proper methods of preparation.

Q. Are minerals as necessary as vitamins?

A. Yes! Mineral deficiencies, too, are widely prevalent. The U.S. has established daily minimum requirements for phosphorus, calcium, iron and iodine.

Q. Will vitamins keep me from catching cold?

A. Colds are more frequent and severe in those whose resistance is low due to malnutrition. Vitamins help correct this condition, and vitamin A, in particular, is needed to maintain normal resistance of mucous membranes to bacterial infection in the nose and throat.

Do you have questions about vitamins and minerals? Get the answers by writing to the Vitamin Question Box Editor, Grand Central P. O. Box 657, New York City. Enclose stamped, self-addressed envelope and mention name of this newspaper. The best questions and answers will be published from time to time in this column.

Strong defensive forces of the Jefferson outfit were exhibited at the past two games. They took South City into camp by a score of 20 to 14, holding them to 20-10 until the last few minutes of play. The Jefferson 130's lost a tough one to the South City lightweights, 21-17.

In the Half Moon Bay game, the Jeffs got a bad start and the coast team went into an 8-2 lead. Later on, however, Jefferson forwards began to penetrate the tricky zone defense, passed up the Half Moon boys, and took a 22-19 victory. The local 130's also won, 24-13.

SIX OFFICIALS ATTEND MEETING

Six officials of Daly City, including members of the city council and department heads, attended a meeting of the Peninsula division of the League of California Cities, held, Thursday night, at the Benjamin Franklin hotel in San Mateo.

California's postwar plans, the duties of her cities during the reconstruction program, and pending bills in the state legislature were the major points of discussion in the main address of the evening, given by Richard Graves, executive secretary of the league.

Graves, whose public services are statewide in many other duties besides the league of cities, was made an honorary member of the Peninsula division at Thursday's meeting.

Those who attended from Daly City include Mayor A. J. Gaggero and Councilman John J. Fahey sr., Edmund Cavagnaro, and Hugh Smith jr.; Robert Klassen, city engineer; and Fire Chief A. P. Chesney.

Indian Evangelist To Speak At Church

Reverend N. M. Lewis, pastor of Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues, announced today that a nationally known Indian evangelist will be here for a special series of meetings, beginning, January 31.

The evangelist is Reverend D. C. Reynolds, of Oklahoma. Born of Indian parentage, Reynolds is described by Lewis as being a unique, forceful and interesting speaker. He has traveled, preaching the gospel, in 43 states, Canada, and Mexico.

REYNOLDS

Lewis announced that the public is invited to attend the services which will be held each evening, except Saturday, January 31 through February 14, at 7:45 p. m. In addition, on Sundays, there will be an 11 a. m. meeting. At one of his services he is scheduled to give his life story.

over. The district office was notified at 2:30 a. m. by Daly City police.

Probably the most damage, singly, was done at Niantic avenue near Vista Grande avenue, where the west shoulder of the street was washed out. When the dirt shoulder gave, the water and mud flowed through the fence and down the embankment near the railroad tracks.

The fire alarm system in the Crocker tract was put out of commission for a few hours when wires were down there. A large tree near Olivet Memorial park was blown down across Hillside boulevard, blocking traffic on that street. Another went down on Hanover street between Lowell and Whittier streets.

The windstorm left a neon sign above the Signal Coffee shop, Mission and Hillcrest drive, loose and swinging in the wind. Reported by Daly City police, the sign was fastened temporarily with a rope until repairs could be made.

At the P. G. and E. station in Colma, Briggs and Washington streets, wires were shorted and left burning there.

All in all, Daly City witnessed a rather breezy night!

VFW Auxiliary Sponsors Annual Essay Contest

"United We Win" is the topic for the eighth annual essay contest sponsored by the Ladies Auxiliary to the Veterans of Foreign Wars of U. S., according to Mrs. Walter J. Lehigh, contest chairman for Old Glory auxiliary No. 2044. Jefferson Union high school students have been invited to enter the local division, which closes February 22. Co-sponsor for the Daly City competition is the Daly City Record.

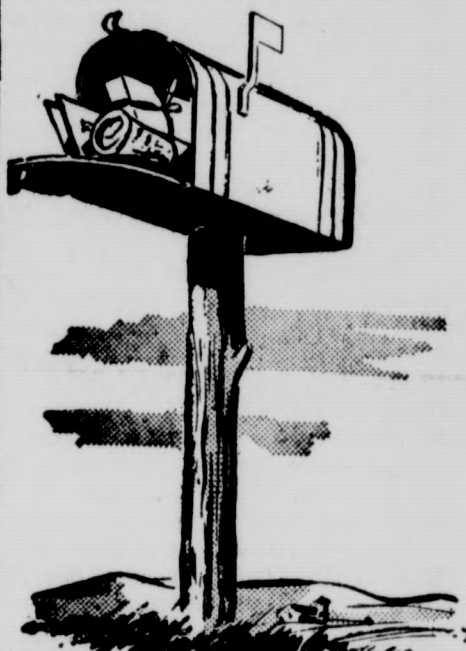

Essays must be between 500 and 1,000 words in length and entries will be judged on literary construction, interpretative views and patriotic inspiration. Details of manuscript preparation have been announced at the school.

The student who writes the best essay in the local competition will have his or her entry sent on to the state competition, where, if it should win again, it would be forwarded to national headquarters.

The Record will publish the winning essay.

"Of course, that doesn't mean there isn't a shade up in the city," Bodien continued. "We naturally have had complaints and have had to tell people to draw their shades so that light would not reflect outdoors. Some we have even had to report to police, but, on the whole, the dimout has been very good in Daly City."

The skyglow from thousands of windows which are not properly shaded and from porch lights is a tremendous fact which few people realize. All shades should be drawn all the way down when lights are on in the house, and porch lights, above all, should be kept out.

Local Man Witness In Oregon Train Murder Mystery

Eugene Norton, 155 Winchester street, testified to Oregon state police with several other witnesses in the mysterious case of the slaying of Mrs. Martha Virginia Brinson, 21 year old wife of a naval officer, Saturday morning, on a southbound Southern Pacific train in Oregon, according to news reports from Portland, Monday.

Norton, employed as a railroad machinist, was aboard the train in the same coach. He awoke at 4 a. m. when he heard loud voices. When he looked out, he saw a Marine holding the limp form. Norton also testified that he might have also seen a man running down the aisle but it was dark and he couldn't be sure.

Several other witnesses aboard the train testified at the same time, the dispatch said.

FROM CANS TO CANNON!

Every bit of tin that you can save is needed by Uncle Sam for machine gun mounts, for hand grenades, bombers and destroyers! Enough tin can be collected in our community to provide the metal needed for a destroyer! Don't be a waster—be a waste-warden, and save tin cans! You will also help save time if you prepare the cans correctly. When you have a box of PROPERLY PREPARED tins ready, take or send them to your nearest grammar school. Daly City grammar school pupils are acting as collectors, but if none contacts you, you can take the tins directly to the school.

YANKS ARRIVE IN FIJI ISLANDS—When a contingent of American troops recently landed at the Fiji Islands in the Southwest Pacific they were greeted by friendly natives instead of the cannibals the boys had read about in their school books. Pictures of landing scenes by the U. S. Signal Corps disclose the touch of civilization among the one-time eaters of "long pig." Left, Pfc. Benjamin H. Burton with good reason admires the abundance of crisp hair on this Fijian's head. Some natives bleach their hair with lime and go in for elaborate headdress. Right, Sgt. Charles Auski, of Wilkes-Barre, Pa., checks supplies loaded on a train on an island railroad.

Company B. Holds Opening Drill At Marchbank Park

Ranking Officials See Two Squads March

In their opening drill at their new field, Company B, Seventeenth infantry, California State Militia, marched before ranking officers from San Francisco headquarters, Sunday morning, on the upper level of Marchbank park.

The drill was ordered by Lieutenant George C. Gates, commanding officer of the Daly City state military unit, and consisted of marching formations and the rifle manual. However, the drill was cut short by rain after 30 minutes. Two squads, 24 men in all, drilled at the military demonstration. Captain Jackson, battalion commander at the San Francisco headquarters was present at the drill.

More recruits for Daly City's company are needed. All men who qualify are urged to join. Age requirements are from 18 to 64 years of age. Those interested may contact Lieutenant Gates at 190 Wilson street or Sergeant Lloyd Harris at ElkrIDGE 1583.

How to Save Time by Saving Money

Here's really an easy way to avoid tiresome Saturday shopping crowds and save just as much money, too. Get your big grocery order early in the week when there are no crowds—Safeway advertised prices are now effective from Tuesday up to and including Saturday each week.

SAFEWAY Homemakers' Guide

Hunches for Carry-Lunches

The lunchbox has assumed an important place in our daily menu these days. And sometimes it taxes the imagination to a straining point to keep those carry lunches from becoming monotonous. There are ways, though, of making them as appetizing as the other meals. And we're passing along a few hints that may help to add interest to meals that go to work.

THE BREAD'S IMPORTANT

Sandwiches are the mainstay of the lunchbox... and that means bread. Be sure the bread is fresh. Keep the crusts on because they add chewiness, and besides, crusts help to keep the sandwiches from drying out.

Vary the bread, too. There are a number of different breads to change ordinary sandwiches from day to day. One trick in a bread way is to spread the sandwich between two kinds of bread like white and whole wheat. Since nutrition is important, it's important to see to it that the white bread is enriched so that none of that important vitamin B is sacrificed.

MAKE THOSE FILLINGS HEARTY

Dainty sandwiches haven't any place in the workman's lunchbox. Make them with fillings that stick to the ribs. Spread the bread first with butter, butter substitute, mayonnaise, salad dressing, or prepared sandwich spread. This steps up the flavor and keeps that freshly-made flavor.

The fillings should be generous... a third to a half the thickness of the bread. This is not the place to be saving.

MEAT FILLINGS—Cold cuts, cold roasts, meat loaves, canned meats, chicken, and fish are all welcome when lunchtime comes around. If you want to stretch them, then grind the meat and add olives, pickles, hard-cooked eggs or chopped cheese.

EGG FILLINGS—Chopped hard-cooked eggs with mayonnaise or mixed with relish, cheese, bits of leftover cooked bacon, ham, olives, relish or chopped nuts have that substantial quality that workers need.

CHEESE—Sliced cheese or chopped cheese mixed with dressings, meats, and relishes can add variety and deliciousness to that lunchbox.

PEANUT BUTTER—There are hosts of ways this favorite can be changed to avoid monotony. Send it along plain one day, mix it with honey, jam, jelly, sliced fruits and tomatoes for those other days.

About Peanuts and Peanut Butter

Did you know that peanuts and peanut butter contribute the same appetite sustaining qualities to the diet as does meat? Besides that, they're cramp-packed with that terrifically important vitamin B you've heard so much about. They're a subtle food, too, for they can be slipped into the menu menu anywhere to add much to the flavor.

SALADS GO FOR PEANUTS—Take a most any salad, meat, vegetable or fruit, toss in a generous handful of chopped peanuts, salted or plain, and it's just that much better than it was before.

PEANUT-COTTAGE CHEESE SALAD—Blend in about half as much peanut butter as cottage cheese, then add your other favorite ingredients such as chives, onions, grated vegetables. It has the flavor that will please.

PEANUT BUTTER GOES SAUCY—A couple of teaspoons of peanut butter in white sauce do wonders for the flavor and color. It mingles easily with a bit of blending.

Prices in this ad are effective Tuesday, Wednesday, Thursday, Friday and Saturday January 26, 27, 28, 29 and 30, in San Francisco, Oakland, Berkeley, Alameda, Richmond, Hayward and other cities and towns in San Mateo, Alameda, and Contra Costa counties.

Gray Family Sets Patriotic Record

Popular Nurse's Aide Completes 518 Hours

One of five women who have served the greatest number of hours in actual hospital work through the Red Cross Nurses' Aide corps in San Francisco is Mrs. Raleigh L. Gray, 279 Irvington street. Mrs. Gray has completed 518 hours in addition to an eighty hour training course of lectures and hospital practice.

Mrs. Gray, the mother of two children, is the wife of the popular science teacher at Jefferson Union high school, Raleigh Gray.

Their two youngsters, Raynold, 10, and Celeste, 14, divide up the many household chores, so that mother can give her valuable volunteer service. Raynold has in addition a paper route and has bought two War Bonds with the money he has earned.

Both Mr. and Mrs. Gray give many hours in instructing beginners and advanced pupils in first aid. Both have completed their instructor's course.

As though these hours of work were not enough, Mrs. Gray is also a three time blood donor. This is indeed a truly "American Family," and with cooperation like this going on throughout the nation, Mr. Hirohito and Mr. Hitler had better look out. Oh yes, Mussolini, too!

Tennis

Round robins played off Tuesday, January 19, found the following girls participating — Kathleen Dawe vs. Doris Vernengo; Dorothy Dawe vs. Dorothy Gregor.

Victors of the matches were Miss Dawe, 6-1, 1-6, 6-4; and Miss Dawe, 6-0, 6-1.

Tests

Girls of the various physical education classes were examined in the fundamentals of volleyball and tumbling, last week. Most difficult of the two tests was the skilled tumbling. Each student was required to do several different tumbling acts.

Service Flag

Let's support the men of Jefferson who are now in there fighting for Uncle Sam, was the plea expressed by Clive M. Saiz at the second dedication of the high school's service flag.

The second dedication was held, last Tuesday, when 125 new stars were added for graduates of Jefferson.

The flag now holds 200 stars. It was announced by Saiz, faculty chairman, that when the present flag is filled a new system will be inaugurated. Instead of adding individual stars, one large one will be set in the center and the number of graduates now in service will be put on the star.

Dramatics

The fourth in a series of plays presented by the members of Roy J. Gale's dramatics class, was presented, Friday. Approximately two hundred and fifty students were guests at the affair. Admission was by invitation only.

The play, in five scenes, was "Robert Browning and the Barrets." It was presented, last Wednesday, Thursday and Friday, during the eighth period in the Little theatre.

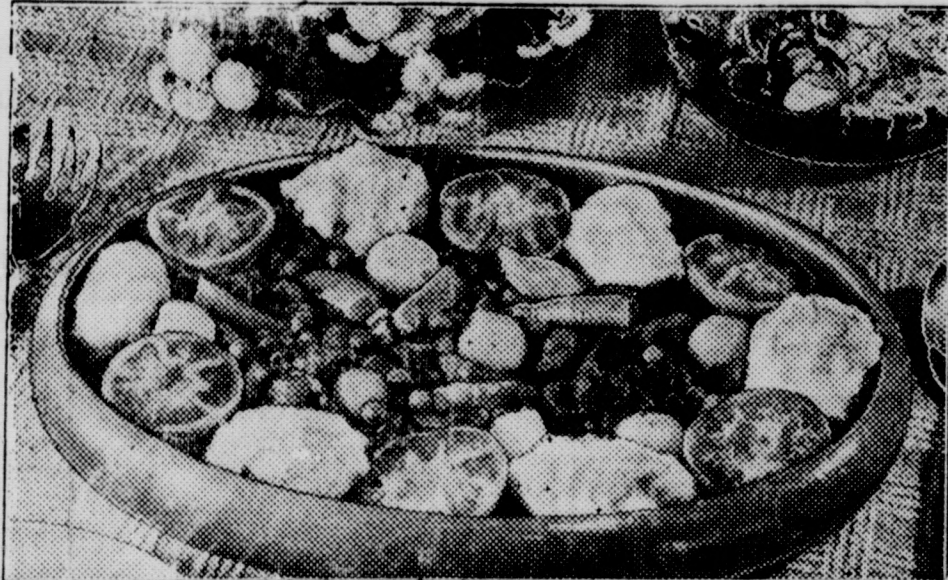

Those taking part were: Harriet Mediros, Elizabeth Barrett; Evelyn Swinger, Henrietta Barrett; Gene Hopper, Mr. Barrett; Joe Rodriguez, Robert Browning; Barbara Russo, Wilson the maid. Stage manager was Clyde Barnett; Roy J. Gale, director; W. Humphreys, prompter and Carol Bryant, announcer.

Chorus

The chorus of fifty voices presented several selections at the graduation, last night. The group was under the direction of Oscar (Continued on Page 11)

WAR TIME BEEF STEW

by Dorothy Greig

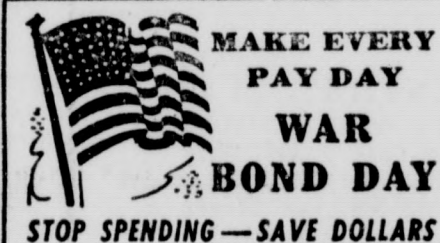

IT'S named War time Beef Stew because it gets along with but one pound of beef instead of the two or more pounds ordinarily required for six to eight servings.

The reason is the can of new and improved consommé that goes into the stew. This consommé is rich beef stock which steps up the beef nourishment and gives extra savor and zest both to meat and vegetables. And as for what it does to deepen and enrich the gravy! Wonderful! Watch the family sop it up with slices of bread!

1 pound beef (chuck, neck or shin)
3 tablespoons flour
2 tablespoons fat
1 can new and improved condensed consommé
2 cans water (using soup can for measure)
2 cups carrots
2 cups diced potatoes
2 teaspoons salt

1/2 teaspoon pepper
12-14 small onions, cooked
3 tablespoons flour
1/2 cup cold water
1 cup green peas, cooked

Cut the meat into 1/2 inch squares. Dredge in the flour, then brown in hot fat in a heavy skillet or Dutch oven. Heat the consommé and water together and pour over the meat. Cover and simmer gently over low heat for 1 1/2 hours. Then add carrots (which have been cut into quarters and then into 1 1/2 inch lengths) and ten minutes later add diced potatoes and seasonings. Simmer for 30 minutes. Then add cooked onions and thickener (flour and water mixed together) and simmer for 10 minutes. Serve on large platter or chop plate and garnish top with broiled tomato halves, dumplings and green peas. Serves 6 to 8.

AT JEFFERSON

Of great interest to Jefferson eighth graders are the spelling teams, chosen at the beginning of each term and known as Teams 'A' and 'B.' The membership of each team remains unchanged throughout the term. Weekly spelling matches are held and records kept by respective captains on a wall chart. At the end of the term the total results determine the winning team which is rewarded. This semester 'A' Team won by a score of 10 to 2. A final match is then held to determine the champion speller in the class. Mary Jauch won the distinction of being the best speller in the eighth grade.

SIXTH GRADE

The sixth grade's social study unit called the "Story of the Sea" had as its finale an interesting exhibition of the children's own drawings of different boats through the ages. Famous clipper ships, yachts, battle ships, cruisers and destroyers were shown and their stories told. Aldo Passigno's drawing of the battleship, "Colorado" was outstanding.

SEVENTH GRADE

Seventh graders, studying our national capital, have found added interest through the use of stereoscopes which give a realistic impression of noted places, located in Washington, D. C.

Opera Association To Produce Gershwin Festival, February 20

Honoring the memory of one of America's greatest young composers, the San Francisco Opera association and the Musical Association of San Francisco, will jointly produce a great Gershwin Festival in the Civic Auditorium, Saturday night, February 20.

Scaled along lines perhaps never before paralleled in the musical history of the city, the festival will present the famous Paul Whiteman and his celebrated orchestra, Bing Crosby, perhaps the most popular singer of the stage, screen and radio, beautiful Dinah Shore, a famous negro chorus and the entire San Francisco Symphony orchestra.

The festival will be patterned after similar concerts held in Lewisohn stadium, New York, St. Louis, Hollywood Bowl and the Shrine Auditorium in Los Angeles, except that San Francisco's festival will eclipse all other efforts in the scale on which it is to be produced.

Although only thirty-nine at the time of his death, Gershwin is credited with having left a lasting imprint on the music life, not only of America but of the world. He last appeared here as a guest artist of the symphony in January, 1937, and less than six months later, he died.

Although Whiteman has not yet announced the program for the festival, he has said that it will include a wealth of the popular music that endeared Gershwin to the hearts of all music-loving Americans. There will be selections from his famous negro operadrama "Porgy and Bess," Rhapsody in Blue, The Kings Men Sing, An American in Paris, just to name a few of the outstanding numbers.

Although tickets are not yet on sale, mail orders will be received, starting today, at the Opera Box office, Sherman Clay, EXbrook 8585. Tickets will range from \$1.10 to \$5.00 and boxes seating six at \$55.00, all prices including tax.

BENEFIT WHIST

Ladies whose names begin with C or D will be in charge of the monthly benefit whist for Holy Angels church. The party is scheduled for Friday, February 5, at 8:30 p. m. Playing will take place in Parish hall.

Committee of the evening announces many valuable prizes have already been secured for winners. The public is cordially invited. All proceeds go to the benefit of the church.

WAR'S GREATEST BURDEN

Many sacrifices and inconveniences have become the common lot of all of us as a result of the disruptions of war. All of us are plagued by high taxes, by shortages and gas rationing and other dislocations in our daily lives. Our young men have left their jobs and their homes to go into the service. Many of our business men have suffered severe losses; some have been forced to close their doors for the duration, and others, beset by all the problems of a war economy, are carrying a great load of worry and responsibility. But all that pales into significance when compared to the greater tragedies of war.

A few days ago, Mr. and Mrs. Thomas F. Sullivan, of Waterloo, Iowa, were notified by the Navy that their five sons, who had enlisted together and were all assigned to the same battleship at their own request, were all "missing in action" following a blazing sea battle off Guadalcanal. The father of those boys is a railroad conductor, a simple, every-day American, like your next door neighbor. But war is no respecter of persons. On the following day, in his palatial home in Washington, Lord Halifax, the British ambassador, received notice that his youngest son had suffered wounds in Libya which necessitated the amputation of both his legs. Less than three months before, he had been notified of the death of his second son, "killed in action" in Egypt. The British ambassador is back at his job, just as Tom Sullivan—the Iowa railway conductor—is back at his, both doing their best with grim determination but heavy hearts, to end this war quickly before too many other fathers suffer like tragedies.

War's greatest burden is carried by those who have had loved ones maimed or killed in action; beside that burden of grief and anguish, all the other burdens of war-time seem small and insignificant. And already, in nearly every community in California, there are those who carry that heavy burden. We need to remember that when we are tempted to complain too much about war's every-day inconveniences.

Busch. Busch announced that this was the finest group of singers since his arrival at the school six years ago.

Faculty Corner

Say students, did you know you have some musicians among your instructors!

A faculty quartet made up of Mrs. Van Waynen, piano; Adolph Hansen, violin; Miss Elizabeth Jones, flute, and Oscar Busch, cello, have been playing together since the beginning of the term.

Hansen has a master's degree in music while Mrs. Van Waynen, wife of the instructor, has been a concert pianist.

The group plays strictly for their own entertainment. They practice each Wednesday evening, and if ever you want to hear some fine music just drop around at that time.

Indians of Rhythm

The last musical program of the semester for the popular Indians of Rhythm was held, last week, in the auditorium. The program was dedicated to the graduating seniors.

Howard Miguel, leader of the group, announces that four of his finest players, Fred Waterman, Gene Snow, Gloria Tooth and Lowell Coy made their last appearance with the group.

Try-outs will be held early in the new term to fill the vacancies. If you want to try out for this energetic group contact Miguel.

Jr. Red Cross

Members of the Jr. Red Cross are now starting a drive for books to be given to service men. Any student who has books which he wishes to donate to some member of Uncle Sam's armed forces can bring them to the C. S. F. room or give them to any member in the school chapter.

Members of the group are also busy helping members of the Jr. AWVS in composing the school's war work scrap book to be entered in the national contest.

The members are helping to write the articles which will be inserted in the book.

A drive for new members will be made during the new term. If you would like to become a member of this patriotic group contact any one of the members or Mrs. Dorothy Pendergast, faculty advisor.

Mrs. Elsie Hesselein will be chairman and assisting her are Mrs. Catherine Duffy, Mrs. Florence Hopman and Mrs. Ethel Saame.

Next meeting of the group will be a night meeting at Jefferson Union high school, Tuesday, February 16. This will be a Founders' Day Program and will be held with other units. Fathers are invited to attend.

Rodriguez came to Jefferson in his junior year. Before his enrollment at Jefferson, he was a member of the Commerce high school student body.

He was presented the award at the graduation dress rehearsal, Tuesday, before members of the student body. Mrs. Pendergast, who made the presentation, congratulated Rodriguez upon his fine work during his high school career.

Establish Red Cross War Fund Drive Headquarters

Martin Says Branch Office To Open Here

Headquarters for the Red Cross War Fund drive have been established at 1226 Burlingame avenue, it was announced, this week, by Walter S. Martin, chairman of the San Mateo County chapter, American Red Cross.

Plans for the drive, which begins, March 1, and extends throughout the month are being developed by war fund drive chairmen, Martin said.

Martin stated that branch offices will be opened in each of the following towns: Daly City, South San Francisco, San Mateo, and a town on the coast, the name to be announced at a later date. A committee of five will operate these offices respectively, which as auxiliaries to the Burlingame headquarters, will carry on the war fund program Martin announced.

Your Income Tax (And Welcome To It!)

Persons subject to the Federal income tax must report their income to the Government on forms, or blanks, prescribed by regulations. These forms are obtainable from any Collector of Internal Revenue, and generally from any bank. Special forms are designated for corporations, for partnerships, for trusts and fiduciaries, and for nonresident aliens. Farmers who keep no books of account on the accrual method must attach a special schedule to their return (Form 1040F). For individuals, two forms are used, depending upon the amount and source of income to be reported.

Form 1040. This form is intended for general use of individuals who are citizens of the United States, or residents in this country, whether citizens or not. It contains spaces to show the amount of income from various sources, deductions allowable, exemptions and credits, and computation of tax liability. As most of the items require some explanation in order to be allowable, the form also contains appropriate schedules to show in more detail how the income or the deductions are determined.

Form 1040A. This is a simplified report, which may, at the option of the taxpayer who makes his return on the cash basis, be filed instead of form 1040 by citizens and residents whose gross income was \$3,000 or less during 1942, provided all this income consists wholly of one or more of the following: salary, wages, dividends, interest, or annuities. In using this form it is necessary only to enter the amount of gross in-

come as shown, deduct the credit allowable for dependents, and insert the appropriate amount of tax in accordance with one's personal exemption status, as shown on the table on the reverse of the form. This form has no entries for deductions allowable, since the taxes indicated in the table on the back of the form are computed after taking into account what have been considered average deductions for persons of this income class.

A taxpayer should, therefore, consider carefully which form would be appropriate for his purposes. Whichever form is employed, all the information called for in the spaces should be inserted so far as applicable to the taxpayer.

With each return form is a set of accompanying instructions, and these instructions should be carefully read by the taxpayer before making his return.

Returns for the calendar year 1942 must be filed not later than March 15, 1943. They may be filed by mailing to the Collector of Internal Revenue of the appropriate district in which is located the legal residence or principal place of business of the taxpayer. If the return is filed by mailing, it should be posted in ample time to reach the Collector's office on or before March 15, 1943. Returns received later than the due date are subject to a penalty.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

CROCKER PTA

Crocker P. T. A. was hostess to nineteen graduates, at their semi-annual graduation luncheon, yesterday. The young pupils and their teacher, Miss Marjorie Tobias, principal of Crocker, sat down to a table cleverly decorated with dainty favors.

The luncheon, consisting of chicken pie, salad, milk, cake and ice cream, was served at 12 noon. Mrs. Ann Eason was in charge of the affair assisted by Mrs. Mildred Seiler and Mrs. Sarah Nordgren. Several mothers of graduates volunteered their services.

Announce Benefit Whist

The benefit whist, sponsored each month by members of Catholic Ladies Aid Society, Branch 59, will be held Wednesday, February 3. All whist players are cordially invited to attend. Playing will be held at St. Michael's hall, 32 Broad street, at 2 p. m.

Mrs. Gertie Dold, Mrs. Mary Dunne and Mrs. Dillon will be the three ladies in charge of the afternoon.

The ladies announce many attractive awards have been procured and will be given along with a cash first prize.

We say "Women In Business" is not necessarily a wartime development. Women have always been in the highly important business of caring for their families' food needs.

This business calls for efficiency in home management and in making the food budget dollar stretch to its limit while providing energy and health for all members of the family group.

Us? We're business partners of today's busier-than-ever housewife, giving her aid through neighborly service, convenient location and competitive prices.

During an average four-week period, America's workers lost 24 million man-days of work through illness. In war industries alone, 3,200,000 man-days of work were lost. THIS REPRESENTS THE TIME REQUIRED TO BUILD TWO HEAVY CRUISERS OR 448 MEDIUM BOMBERS, OR 3,200 LIGHT TANKS.

This loss of time through illness was traced primarily to ill health and fatigue resulting from improper diets.
